[in LinkedIn](#) | [437-237-3433](#) | [Portfolio](#) | [yash1708p@gmail.com](#) | [GitHub](#)

## Skills

---

- **Programming Languages:** Python | SQL | Java | SaS | Matlab | Julia
- **Frameworks/Libraries:** Numpy | Pandas | Scikit-learn | Seaborn | Matplotlib | Plotly
- **Tools:** Power BI | Tableau | Jupyter | Agile Methodologies | Excel | ETL | Microsoft Azure | ServiceNow

## Education

---

**Bachelor of Commerce** Toronto Metropolitan University *Toronto, ON* **09/2020 - Current**

- Major in Information Technology Management and Minor in Computer Science GPA: 3.94/4.33
- **Relevant Courses:** Data Science | Big Data Analytics | Statistics | BI | Data & Information Management | Systems Analysis | Social Media Analytics

## Experience

---

**Shoppers Insights Analyst Intern** Nestlé *Toronto, ON* **05/2023 - 09/2023**

- Developed **SQL queries** to clean and process over **1TB of unorganized data**, resulting in a **90% reduction in processing time**.
- Created interactive **PowerBI dashboards** that allowed stakeholders to easily access insights and make data-driven decisions, leading to a **30% improvement in campaign performance**.
- Analyzed customer behaviour trends using statistical techniques such as **regression analysis**, resulting in identifying key drivers for customer retention and **increasing loyalty by 15%**.

**Business Data Analyst Intern** Bank of Montreal *Toronto, ON* **05/2022 - 09/2022**

- Conducted comprehensive data analysis of employee performance metrics using **Excel, SQL and Python**, resulting in identification of key areas for improvement and **increased productivity by 15%**.
- Developed customized dashboards utilizing **Tableau** to provide management with real-time insights into employee engagement levels and retention rates, resulting in a **reduction in turnover by 10%** within 4 months.
- **Collaborated with HR team** to implement new hiring processes based on data-driven recommendations, resulting in a more diverse workforce that improved company culture and **increased overall revenue by 10%**.

## Projects

---

- **Python ML Model** – Portuguese Bank Marketing: 
  - Developed and applied logistic regression, decision tree, random forest, and k-NN algorithms to predict customer behaviour in a term deposit subscription scenario, achieving an **accuracy score of 94%**.
  - Utilized various **data cleaning** and exploration techniques, including one-hot encoding, normalization, and information gain analysis, to preprocess and engineer demographic, financial, and social features for use in the aforementioned predictive models.
  - Produced clear and informative **data visualizations** using **seaborn** and **matplotlib** to reveal relationships between different features, aiding in the identification of important predictors of customer behaviour in the subscription scenario.
- **SQL Data Exploration** – Analysing COVID Dataset: 
  - Implemented **joins, CTE's, temp Tables**, windows Functions, **aggregate Functions**, creating Views, converting data types to analyze the dataset.
  - Utilized SQL Server to explore upwards of **150,000 rows** of global COVID data.
  - Created an interactive dashboard in **Tableau** to showcasing total deaths per continent, infected population percent worldwide, and provided a **forecast indication** for the future.
- **Python Exploratory Data Analysis** – Stock Price Analysis: 
  - Incorporated **Pandas** Datareader and **NumPy** libraries to explore bank stocks and analyzed how they progressed throughout and after the financial crisis.
  - Implemented Multi-level indexing and **xs method** in EDA.
  - Developed detailed and interactive visualizations using **seaborn, matplotlib, plotly**.

## Certifications

---

- Azure Data Scientist Associate (Microsoft), Designing and Implementing a Data Science Solution on Azure (Microsoft), BigQuery for ML (Google), Python for Data Science and Machine Learning (Udemy), Data Analytics and Visualization (Accenture)

## Awards

---

- **Bronze Medal:** Won 3rd prize for IT Office Software Applications at Skills Canada Competition in Toronto **(05/2020)**
- **Gold Medal:** Won 1st prize for Coding at Skills Ontario Competition in Toronto **(05/2019)**

## Hobbies

---

- Cricket, Reading, Listening to podcasts, Working out, Travelling
